

Why Priests?

Weekends are intended for priests who desire to grow and deepen their awareness of being Catholic priests whose priesthood is lived out in relationship with their people or community.

A **Marriage Encounter** weekend offers a unique opportunity for the enrichment of priests and married couples. The weekend is led by a priest and married couples who share their own experience of living out their respective sacraments.

Please note that apart from the presenting Team sharing their own experience of living out their vocation, there is no group or open sharing on a **Marriage Encounter Weekend**.
